**QUESTION:** How could a Christian, a person who has made Jesus Christ Lord of their life, vote for a candidate who is pro-abortion? 50 million dead (aborted) babies. We Citizen/Voters funding Planned Parenthood with 430 million tax dollars for abortions? How can a Citizen/Voter vote for candidates who believe that "gays" need and deserve **special** privileges and protections?

**3. Thinking Right. August, 2008**

**Dhimmitude**

The dhimmi condition can only be understood in the context of jihad because it originates from this ideology. Muslim, as well as non-Muslim scholars, recognize that Islam considers all territory they once held, even from antiquity is rightfully theirs and has been taken from them unwillingly. Jihad is the taking by conquest in any manner, be it financial, outright war or terrorist activity to subdue and conquer not only these previously held lands, but any country or area that opposes them in any way. Any person or Nation that cannot be dominated enough to establish Sharia Law, that is Law established by and outlined in the Koran, can be placed in dhimmitude.

In its basic form, to be a dhimmi means the person or Nation gives up something of value for the right to remain in the disputed land, paying extra taxes or tribute of some measure, including the surrendering of land for the promise of (temporary) peace from the Islamic forces. How often have we read the headline, or heard the words, "Land for Peace" applied to the Nation of Israel? Dhimmitude is also the payment of large sums of money for temporary peace with the Islamic Nations, such as exorbitant prices for oil, the demand for funds from the US for development and famine relief to keep Iran from going nuclear, just two examples of current payments from the US to the rich Arab Nations.

According to Islamic Scholars, dhimmitude is, at its best, temporary and after a specified period of time dhimmis are expected to either embrace and convert to Islam or be made slaves in fact as well as economically, or to be executed under Islamic Sharia Law for their unbelief with the decision entirely up to the Islamic conquerors.

Giving in to the demands by the Islamic Nations for land and financial bounty in our desire for peace is playing directly into the hands of an Islamic plan for world domination. It is scary to realize that all concessions the Moslem makes is considered to be temporary, regardless of what they say or sign, because their greatest obligation is to bring the entire world under Islamic domination by any means.

It seems as if the United States and Europe are already in the role of dhimmitude by bowing to the demands of the Islamic leaders threatening our world situation. Europe, with its Arabic population almost one-third of the total population, is already under the threat of succumbing to Sharia Law. Parts of England, including a portion of London are already under Sharia Law simply by the sheer numbers of Muslims living in a recognizable area and dominated by a harsh Imam in their Mosque. Wake up America

1 Timothy 2:1-3 "I exhort that first of ALL, supplications, prayers, intercessions, and giving of thanks, be made for All men, for kings, and ALL that are in authority; that we may lead a quiet and peaceable life in all goodness and honesty; for this is good and acceptable in the sight of God our Savior." How much is included in ALL? We **must pray** for the election for Godly candidates as winners.

6.. **THE #1 ISSUE IN THIS ELECTION? THE US SUPREME COURT.** Shall all legislation originate in the House and Senate, and then go to the Executive and become law, or shall federal judges create new law , not on Constitutional Law, but even based on at their whim, or Law of the UN Court, or other Intl. Law, and the Court was doing before Judges Roberts and Alito.

**The # 2 Issue is how will the new Congress pay for the Mortgage Bailout, that could be Billions of \$.**

7. This is the scariest election we as Christians have ever faced and from the looks of the polls, the Christians aren't voting Christian values.

Do you believe we can take God at His word? Call upon His name, then stand back and watch His wonders to behold. This scripture gives us, as Christians, ownership of this land and the ability to call upon God to heal it. I challenge you to do so. We have never been more desperate than now for God to heal our land. This election is the scariest of our lifetime.

2 Chronicles 7:14 "If my people, which are called by my name shall humble themselves, and pray, and seek my face and turn from their wicked ways,-then-I will hear from heaven, I will forgive their sin, and will heal their land."

During WWII, there was an advisor to Churchill organized people who every night at a prescribed hour for one minute to pray for the safety of England, it's people and peace. This had an amazing effect as the bombing stopped. There is now a group of people organizing the same thing here in The United States of America and our citizens need prayer more than ever!!!

To participate: each evening at 9:00 PM Eastern Time (8:00 PM Central, etc.), stop what you are doing and spend one minute praying for the safety of our United States, our troops, our citizens, for peace in the world, the up-coming election, that the Bible will remain the basis for the laws governing our land and that Christianity will grow in the U.S.

Someone said if people really understood the full extent of the power through prayer, we might be speechless. Our prayers are the most powerful asset we have.

From Texas: Thank you Doug and Lucille Layne of Dennison, Texas
