**An Un-American Candidate for the American Presidency.**

It is hard to understand how the United States of America, once the greatest, most prosperous nation on earth has fallen so far as to allow one of the two major political parties to present a person as their presumptive, one might say presumptuous, nominee for the office of President, one who is aggressively anti-American in his views and actions. The Democrat Party, once a solid proponent of the Sovereignty and defender of the liberties of Americans, has nominated a man who has refused to stand at attention, instead, folding his hands over his crotch rather than place his hand over his heart at the playing of the National Anthem, will not wear a flag pin, unless it's politically expedient for the group he's addressing, and who repainted his campaign aircraft, removing the American Flag in the process.

Senator Obama spoke to a rock concert crowd in Germany last month, and referred to himself as a citizen of the world before a citizen of the United States. Citizens of the World are non-existent; to be a citizen requires a functioning, organized, recognized State or Nation to which you pledge your allegiance. He has also gone on record

sponsoring a Bill in the Senate that would allow the United Nations to take a portion of our gross domestic product to alleviate 'global poverty.' as if the current US Government tax load wasn't high enough.

This presumptuous nominee espouses many of the doctrines and tenets of Communism, the economic system that gives the central government full control of all economic activity within a nation ranging from hospitalization to industrial quotas. In this he is not alone, most of the high-ranking Democrats also believe in this concept, including Franklin Roosevelt, who tried to institute many of these precepts in his first two terms as President, and the current Democrat leadership in congress. Senator Obama has other interests and inclinations that override his loyalty to the United States. In his book, "Audacity of Hope" Mr. Obama writes, "They (The Muslims) need specific reassurances that their citizenship really means something, that America has learned the right lessons from the Japanese internments during World War II, and that I will stand with them should the political winds shift in an ugly direction." This is the people group that is responsible for the Sept 11 terrorist attack and the other attacks against the US as far back as 1993, and is our chief antagonist across the world. It is time for every citizen, former military servicemen and women, flag-saluting, God loving, Constitution respecting, true American to say, "Enough is enough!" and defeat this man's ambition to drag our great nation down to the level of the rest of the world. God made us who we are; let's not let false pride and ideology destroy this Nation.

*I'm Vance, and I'm thinking Right!*

4. **Report: First Annual Awards: Friend of Family and Christians Legislators**

State Representative Jim Frishe (H-54) and State Representative John Legg (H-46) were honored for their 2007 voting record: 100%, on Family Issues and Christian Issues.

The 2008 Christian Coalition of Florida Scorecards are available on their website, and we will have them, and discuss them at the meetings. Usual Sen. Webster, along with Tampa's Ronda Storms had a perfect voting record on important issues. Our Sen. Mike Fasano scored a 50%, and our Sen. Dennis Jones a 30.8%.

5. **Report: God and Country Banquet, Aug 16. As always, it was a wonderful event.**

Mike Huckabee was outstanding. FL Senator Dan Webster received a special award, and Standing ovations for his outstanding leadership in the House and senate over the last 8 years. We had the largest Chapter representation there with 27. Our group: Sen Jim Frishe, Edgar LuCuyar (sometimes called Thomas), Dianne Agster, Eric and Patty Scharn, Mike and Tiffany McGee, Bob and Sue Meyer, A.T. and Marge Herring, Don and Joan Kerstner, Joe and Susan Krucina, Doug and Brandice Lardner, Regina and Rex Brown, John and Becki Burgess, Michael Michael and Mary Dee, and Martha and I.

6. **Report: Marriage Amendment by Regina Brown. Regina is a Financial Adviser with Atlantic Funding Group and a Florida resident since 1971. When I asked Regina why Yes on 2, the Marriage Amendment **was so important to her she replied, "I do not want to see minorities dominate public policy". I could not agree with you more, Regina.****

John Stemberger, attorney, Florida Family Policy Council, has spearheaded this amendment from the beginning, thank God, or we would not have it on the ballot. The opposition to the marriage amendment in from the Miami-Dade County area. Someone from Arizona is spending 2 million dollars to get this amendment defeated. As we get closer we will be bombarded with big ad campaigns made up of lies and half truths to stop us from the 60% necessary to get this passed. So be careful believing untrue ads.

7. **Report: on all Amendments, November election, by Tom Barnhorn, Vice Mayor of City of Seminole. At FI House Candidate Terry Sanchez's gathering Tom was discussing the amendments with Martha and me, and we asked if he would discuss them at our Sept. meeting. He has an all day conference that he is attending but he will leave to take this part of our meeting. THE AMENDMENTS WERE TO BE OUR DISCUSSION TOPIC FOR SEPT. AND GOD PROVIDED ONCE AGAIN.**

**8. Vance's special part and closing prayer**

**Thank you, God Bless You, and God Bless America,  
Vance and Ronnie**
