+++++

1. Never have 2 candidates for President been more opposite.

McCAIN/PALIN=pro-life. **OBAMA/BIDEN** pro abortion; pro partial birth abortion; have promised to undo the Pres. Bush Mexico Doctrine thereby allowing our tax dollars to fund abortions around the world; promised to allow abortion to all females regardless of age; aborted babies who live through abortion are to be left to die. (IL law passed with Obama's full approval during his time in IL Senate.

McCAIN/PALIN believe that marriage is one man one woman only, and the FL Marriage Protection Amendment. **OBAMA/BIDEN** oppose this all.

McCAIN/PALIN believe wars are fought to win and thereby bring peace. **OBAMA/BIDEN** promises to bring our military home now even if it means surrender, like Viet-Nam, and they also promises a 40% decrease in size of our military. Also large cuts are promised in expenditures for new weapons development, like Clinton did.

McCAIN/PALIN support the second Amendment to the US Constitution, **OBAMA/BIDEN** promises restrictions on purchase and possession of firearms.

McCAIN/PALIN supports US Senate approving Samuel Alito and John Roberts to the US Supreme Court, while **OBAMA/BIDEN** oppose these selections. At Saddleback Church Obama said he would not approve of Clarence Thomas.

McCAIN/PALIN support English as our national language; **OBAMA/BIDEN** oppose.

McCAIN/PALIN oppose "sexual orientation" included in definition of "hate Crimes"; **OBAMA/BIDEN** support.

McCAIN/PALIN oppose 'US flag burning'; **OBAMA/BIDEN** approve. These are major differences.

Most of these statements are from **Christian Coalition non-partisan Voter Guides**, and are backed by irrefutable evidence of their accuracy. Hence the question, **Would A Christian vote for OBAMA/BIDEN?**

2. US Representative Bill Young will be at our meeting.

US Representative Bill Young will be at our Next Meeting

Congressman Young needs no introduction because of his outstanding record in the Congress. He served first, 9 years in National Guard and Army Reserve, then was elected served in the Florida Senate for 10 years, and he is now in his 19th year in the US House of Representatives. Bill gets an 'A' for his voting record on issues of 'Family' and 'Christian Values'.

Bill Young ®, Gus Bilirakis ®, Ginny Brown-Waite, Brooksville ®, and Kathy Castor Tampa(D) stood their ground against much pressure, and voted No on the Bailout. Thank you

"Always vote your conscience. Although you may vote alone, you will have the assurance that your vote was not wasted"

John Quincy Adams

3. Thinking Right , November 2008

I know God is on His throne and can move the hearts and minds of people; He can cause leaders to do His will as easily as the rivers change their courses, but I am also quite concerned about this election. I am fearful God will give the US the candidate they deserve rather than the one that can stem the downhill slide of our social decline and the rejection of God's laws and acceptance of things that God calls abominations and sins for a nation founded on Biblical principles and a people that once were known as a Christian Nation, sending Missionaries across the globe to carry the Gospel message.

Instead of accepting God's plan for a stable society, marriage is now accepted as not man and woman, but man and man, woman and woman. God does not approve of this 'improvement. Instead of marriage, we live in an age of arrangements. Man and more than one woman or polygamy; one woman and multiple man or polyandry, community living or multiple men and multiple women changing mates on whims or any other variance on the sexual relationship, thus ignoring God's basic building block of society. God created one man and one woman. Homosexuality, also known as sodomy, is accepted across the nation, some states recognize a same-sex marriage, others passively allow it, corporations, educational unions and schools actively promote, accept and teach homosexuality as a 'normal' acceptable lifestyle.

Once a nation that promoted the Gospel message, now as a nation, we accept Atheists to Zoroastrians and protect everyone's right against criticism with one exception – the Believer in Salvation only through Jesus, the Promised One.

If we truly get what we deserve we will end up with a Socialist style Government with children indoctrinated from 3 or 4 years old in the Government dogma, we will no longer have the precious guarantees of our Constitution that have been bought with the blood of millions of our finest young men and women. Our Pastor's will lose the freedom of their pulpits; our Scripture will become 'hate speech.' We will lose our position in the world as a leader for freedom and bow to the will of little tin-horns in the UN, and will be a third-rate nation among all the rest of the dictatorships of the world. May God bless us one more time in this election, keeping us from reaping what we have sown, to be given the opportunity to challenge those who love Him in taking a stand and stopping the leftward surge of the nation in search for government handouts for the many at the expense of the few.

I'm Vance and I'm thinking right.

Proverbs 29:2 "When the righteous are in authority the people rejoice:
but when the wicked beareth rule the people mourn".

4. Welcome REBECCA O'Dell Townsend, attorney with Alliance Defense Fund, is very busy, traveling for speaking engagements across a large portion of the nation. Rebecca was #1 in her Law School Class. She is very knowledgeable in our nations founding documents, and it is very informative when she is with us.

5. Christian Coalition non-partisan Voter Guides have been delivered to many of the churches in Pinellas. 160,000 were delivered and we still have about 20,000 undelivered at this time. Ask around at churches and wherever and help us not waste these fine Voter Guides. We also have a letter from Jay Sekalow, saying that these Voter Guides creates no problems with IRS regarding 501C3, as well as a chart from Matt Staver of Liberty Council Christian Law Firm of Orlando showing what is right for Pastor and what is right for churches. God bless those for faithfully distributing them.

6. Update on the Marriage Amendment by Regina Brown. Regina is a Financial Adviser with Atlantic Funding Group and a Florida resident since 1971. **When I asked Regina why the Marriage Amendment was so important to her she replied, "I do not want to see minorities dominate public policy"**. As we get closer we will be bombarded with big ad campaigns made up of lies and half truths to stop us from the 60% necessary to get this passed. So be careful of confusing ads, and **VOTE YES ON 2.**

Amendments report from a discussion led by Seminole Vice Mayor Tom Barnhorn.

- AMENDMENT 1.....NO
- AMENDMENT 2.....YES
- AMENDMENT 3.....YES
- AMENDMENT 4.....NO
- AMENDMENT 6.....YES
- AMENDMENT 8.....NO

"The foundation of our society and government rest so much on the teachings of the Bible that it would be difficult to support them if faith in these teachings would cease to be practically universal in our country."

Calvin Coolidge, thirteenth President of the United States

7. New FL License Plate available: Instead of 'Sunshine State ' or County Name, at no extra charge, you may select 'In God We Trust'. This special information from Dorothy at Christian Coalition of Florida. This Good News is Challenged by the ACLU what else would one expect from anti-Christians,

8. Offshore Drilling: & 'Bailout' The 10 Commandments, 1st God says, "I am the Lord thy God, you shall have no gods before Me". Matthew 6:33 Jesus says it this way, "Seek you FIRST the Kingdom of God and His righteousness, and all these things will be added to you." There are many places in the New Testament that resound the message, God is always to be #1, and this sets us free to love next wife of husband, family and the world about us. Government is #3. in our Constitutional Republic . Citizen Voters are to hire candidates to work for us, some 2 years, some 4 years, some for 6 years (too long) to do the functions of functions as described in our US Constitutional. In our USA today some in government want us to believe they own everything and by their kindness we get to live here, give allegiance to the, and pay taxes. That works in a Socialist State , but not in a free people.

Can it be that Speaker Pelosi, Sen. Harry Reed, and Pres. Candidate Obama created the 'Bailout' so that an 'Energy Bill' could not be brought up this session. That threesome hopes to be leading Washington and if they are returned to "leadership" it might be a long while until we become energy independent even though we have the greatest energy reserves in the world.

Look at how Oil producing, and exporting nations have prospered over the last 15 years at our expense. Obviously those nations did not put environmental scam groups ahead of preserving and prospering our nation. Big oil spills occur when big oil tankers flush their tanks, or run aground, and not spills from oil wells. Matter of fact, fishing improves around the rigs as fish see it as a reef and collect there, similar to Caribou population increases around oil and gas pipelines here its warmer.

9. **I know this appeared before, but it is fundamental to not forgetting how the house of cards was built and then imploded:** How should this missive begin? The economic crisis, the situation in Iraq or the absolute seriousness of the election in less than six weeks – or are they all intermixed? For starters, look at the economic quicksand in which we find ourselves sinking. As I write this, meetings are going on, an expectation of a deal is in the air, the Democrats are complaining, the Republicans are trying to keep the U S from going further into a government controlled economy, otherwise known as socialism if you are polite and communism if you're not. As far back as the Carter Presidency, the Democrats passed and Jimmy signed the Community Reinvestment Act. This was enhanced, strengthened and amplified during the Clinton years. This piece of legislation demanded that low-income home buyers be allowed to by a house with little or no investment, in some cases they paid less money down on a house than on a new car. The buyer did not always have to prove income and the rate was artificially low for the first few years to keep the homeowner happy. These Government mandated enhancements drove prices up; the mortgages were covered by the Federal Government in the infamous duo, Freddy Mac and Fanny Mae that just brought down the house of cards.

The Democrats in congress demanded and got their plan of Social Engineering. Government is our friend and has a fat wallet, just ask Barney Frank who said just two years ago that the FM'S were in good shape and fought off an accounting demanded by John

McCain and the Republicans. We now have a serious crises, the demand is for the Federal Government step in and manage the economy, since it is faltering, ignoring the fact it was Government intervention and Socialist policies that caused the mess, and even as they attempt to pass off the blame, it's the Democrat's fault!! They passed the Community Reinvestment Act, fattened it, increased its powers, even sued Banks and Mortgage Companies that didn't issue enough sub-prime mortgages, (A young attorney named Barak Obama was the attorney in one suit,) and made this the biggest pork barrel spending fiasco of all time.

Now these same Democrats want to put their puppet in the White House, keep their majorities in the Congress and drive the U S into bankruptcy and Socialism within the next 10 years. We need healthy debate, two distinct points of view represented, not who will give away the biggest piece of the farm. This is beyond progressive liberalism and conservatism, Republican and Democrat; this is a fight for the life of the United States of America!

If I were a prophet, this is what I would forecast: Full Government control of all industry, much higher taxes, acceptance if not promotion of homosexuality, unrestricted abortion and uncontrolled immigration within Obama's first term. Then it will be too late. Oh yes, no private ownership of guns, all firearms will be controlled and owned by the government for "The public safety." Old Uncle Sam needs a transfusion and your vote against every liberal on the ballot, regardless of party affiliation, (Many have an 'R' after their name,) is just what he needs injected into his veins. 10. Only one real answer: Christians have received the answer from Their God:

"If My people, who are called by My Name, will humble themselves, pray, and seek My Face, and turn from their wicked ways, THEN I (God) will hear from Heaven; I will forgive their sins and I will heal their land." 2 Chronicles 7:14

"Some have said, " you can't legislate morality," we say, "the enemy has certainly done very well legislating immorality.

"What do we say to 40 million babies killed in their mother's womb? Or is it 50 million? No one knows.

Is it right? Is abortion a right? Is it important? Gee, we didn't know... .Dah...

Howdy Folks,

Did you have any Terrorist Professors?

So maybe we should home school or send the kids to a private school/college.

Here's a quote from indoctrinate-u.com

"Students are being robbed of their educations--to the tune of tens of thousands of dollars a year," Maloney said. "As it currently stands, higher education in America is a lie perpetrated on young adults at parents' and taxpayers' expense."

Sincerely,

RE Klenk, - We cannot legislate salvation but we must legislate morality.- rek

"Every Executive Order, Judicial Decree or Law is a line drawn in the sand. On one side is Right on the other side is Wrong. This is the DEFINITION of morality. It follows that the Character of those who draw the lines in the sand is EXTREMELY IMPORTANT !" - If you don't vote your values, they will make evil legal.- rek

ps. We must not elect politicians who score an "F" on moral or Constitutional policy.

**Our heavenly Father, in Jesus' Name please guide us through this Time and guide us to Godly leadership in our USA.
Thank you, God Bless You, and God Bless America**
